EARLY RED PERFECTO

(SEE FRONT COVER)

The Early Red Perfecto Tomato is the best extra early variety yet produced. It is adapted to all sections of the country and especially to the dry, hot sections. It ripens evenly right up to the stem and will not burst when dead ripe. It has a wonderful glistening, bright red color and a mild, delicious, sweet flavor; large size, nearly round, entirely smooth, remarkably handsome, and almost seedless; a marvelous stemsetter, often 10 fruits in first cluster, solid and meaty.

If you want the very earliest tomatoes, combined with fine flavor, meatiness, productiveness, attractiveness and tenderness, you should plant our Early Red Perfecto. It is sure to please the most particular. Price: Pkt., 15c; ½ oz., 50c; oz., 90c; ¼ lb., \$3.00; ½ lb., \$5.50.

HOME GARDEN COLLECTION

(FOR ILLUSTRATIONS SEE BACK COVER)

PETUNIA, Giant Ruffled and Fringed—The flowers are of immense size, all gracefully fringed or ruffled at the flaring edge of their trumpets; rich and gorgeous colorings, usually delicately veined inside their wide open throats. Mixed colors, Packet 15c.

COSMOS, Double Early Flowering—Grow 3 to 5 feet, bushy and compact, with fine feathery foliage. The flowers, borne on long stems, have attractive raised center crests of small petals which completely cover the discs. Mixed colors, Packet 10c.

NASTURTIUM—These odd shaped flowers with their open throats and trailing spurs are well liked for cutting; they start to bloom at an early stage and for length of blooming period have no equal, provided they are picked before seed is formed. Dwarf or Tall, Mixed Colors, Packet 5c.

ZINNIA. Giant Dahlia Flowered—Zinnias love hot weather so are particularly adapted to our summers. The enormous double flowers are produced by robust, branching plants. Mixed colors, Pkt. 10c.

SWEET PEAS, Spencer Flowering—Sweet Peas are quite hardy and should be planted very early in the spring. They do best in well fertilized soil and need considerable watering on warm days. This type has large waved or frilled flowers, giving them the appearance of a semi-double flower. Mixed Colors, Packet 10c.

GAILLARDIA (Blanket Flower)—The large flowers are of gorgeous dark-red brown, while the petals are marked with rings of brilliant crimson orange and vermillion. Mixed, Packet 5c.

PANSY, Giant Ideal Mixed—This mixture has a complete color range, all flowers are of the Giant type and of good shape and texture. Mixed Colors, Packet 10c.

DELPHINIUM (Perennial Larkspur)—Their long showy spikes of flowers persist from June till frost if kept cut, and furnish the most satisfactory blues to any color scheme; hardy. Mixed colors, Pkt. 10c.

HOME GARDEN COLLECTION

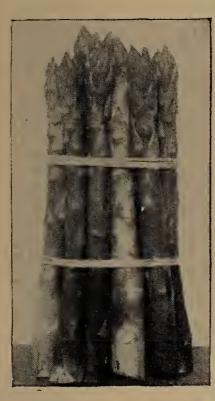

One packet of each of the above varieties of flower seeds, (Value 75c) Special Offer, 55c.

ROBERT S. GRISWOLD SEED AND FLORAL CO.

LINCOLN NEBR.

ASPARAGUS

One ounce to 50 ft. of drill; 5 pounds to the acre.

Sow in March or April, in good mellow soil, after soaking the seed 24 hours in warm water, in drills one foot apair, and one inch deep; thin the plants to 4 inches apart. The following spring transplant into permanent beds.

PALMETTO—An early maturing and prolific variety with thick, dark green shoots, distinctly pointed at the tip. Pkt. 5c; oz. 10c; 1/4 lb. 30c; lb. 90c.

WASHINGTON (Rust Resistant)heavy yielding, rust resisting variety with long, thick, heavy stalks, closely folded at the tips; color rich, dark green. Pkt. 5c; oz. 15c; 1/4 lb. 50c; lb. \$1.50.

ASPARAGUS ROOTS

A year may be saved by buying the roots. Dig a trench 1 foot deep and 1 foot wide; put 4 to 6 inches of well rotten manure in the trench, covering 1 or 2 inches with dirt. Set the roots 1 foot apart and see that the roots are evenly spread out in planting, and before they are covered. The rows should be 3 or 4 feet apart. Price: 2 year old roots.

Washington Asparagus

BEANS-Dwarf or Bush

One pound will plant about fifty feet of drill.

PENCIL POD BLACK WAX—15 in. high, bear round, thick, string-less, rich, yellow pods, 6 to 7 inches long, of excellent quality, containing black seed.

IMPROVED RED VALENTINE—Early and productive. Pods

round, medium green, and of good quality.

IMPROVED RUST-PROOF GOLDEN WAX-The pods average 5 inches long, are quite fleshy, straight, broad, flat and of a rich golden yellow color. Absolutely stringless at all stages.

BRITTLE WAX—Very early. Pods handsome, waxy light yellow; 5½ to 6 in. long, round and tihck; very fleshy, brittle, stringless, without fibre.

LITTLE WONDER NAVY—Valuable for field culture; very prolific.

excellent dry bean.
BURPEE'S STRING-LESS GREEN POD-Early, hardy, vigorous and productive; pods large, thick, round and dark creasebacked. green in color; strictly stringless; tender and brittle; of good quality.

BOUNTIFUL—Best the early flat podded green varieties. Very early, stringless, fine quality, hardy and pro-

ductive.

GIANT STRINGLESS GREEN POD — Early and prolific; round, straight, thick, meaty pods free from strings; deep green, and of excellent quality.

POLE BEANS 1 pound to 100 hills. EARLY GOLDEN CLUSTER WAX-Early, and productive; pods 6½ to 7 in. long, and

straight, broad and flat, meaty, light waxy-yellow; beans white.

KENTUCKY WON-DER, or OLD HOME-STEAD — The earliest popular, popular, and most and most popular, green-podded climbing, or corn-hill bean; very productive; pods 8 to 9 inches long, very slender, curved, tender and good quality.

Round Pod Kidney or Brittle Wax

Price of Beans, See Page 2

BUSH LIMA BEANS

BURPEE'S BUSH-Plants large, spreading; hardy, mid-season and productive; pods 4 to 4½ inches long, containing 3 to 4 beans which are as large as in the pole sorts, flat and white.

HENDERSON'S BUSH—A vigorous, hardy, very early and small type of Bush Lima; pods small, about 3 inches long, containing 3 to 4 small, flat, white beans of good quality.

SEDUMS-Dwarf plants best suited for rock gardens. Leading varieties. 20c postpaid.

Nursery Department

We have had many years' experience in handling nursery stock, and have become well acquainted with the varieties that are best adapted to our soil and climate. You can rely upon the varieties of fruits and ornamentals that we list, as being hardy, and they will prove satisfactory when planted. We will carry a full line of nursery stock at our store; and have set aside a large room in the basement, which is an ideal place for keeping nursery stock in fine condition. Here we will have displayed a large and complete assortment of nursery stock in such a manner that you may easily make your own selection. We will have many illustrations in natural colors and will have an experienced nurseryman in charge, who will be only too glad to help you in any way regarding the care and planting of trees, shrubs, vines, etc. vines, etc.

If wanted by mail, add 5c per tree for postage.

VIGORO Complete plant food .

For Lawns—Gardens Flowers—Roses Shrubs

Quick Acting-Well Balanced Plant Food

Plants, like human beings, must receive the right nourishment, Vigoro is especially prepared to supply lawns, gardens, flowers shrubbery and trees with all of the plant food elements needed for

rapid, sturdy, and continued growth.

Vigoro is odorless, clean and easy to apply. It can be sown by hand like grass seed. Its cost of application is surprisingly low—only 10c to 20c for every 100 square feet! Use Vigoro and have a velvety green lawn, beautiful flowers, luxuriant shrubs and trees. Vigoro also helps produce early, crisp, delicious vegetables of all kinds.

Prices: 12 oz. pkg., 10c; 5 lb. pkg., 50c; 10 lbs., 85c; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

A HANDY PLANT FOOD SPREADER

The new Little Plant Food Spreader is ideal for the small home owner. It spreads Vigoro and Sacco, and grass seed quickly and evenly on established lawns. Sturdily made—weighs but 6 pounds. \$1.65 plus postage.

MAKES THINGS GROW!

SACCO is a specially prepared Plant Food for development of fine LAWNS, GARDENS, SHRUBS, FLOWERS and TREES.

VERY EFFECTIVE AND ECONOMICAL

A light application once or twice a year will keep the lawn, garden, etc., growing in excellent condition.

SACCO has more than four times the plant food value of pulverized manure. RECOMMENDED BY HIGHEST AUTHORITIES.

SACCO has thousands of satisfied users. In lawn and garden use and in the nurseries of pro-SACCO has thousands of gressive florists and nurserymen SACCO has proved its unvarying superiority.
